THE TIMES.

A. H. CLEMENT Editor.

WEDNESDAY FEB. 13, 1907.

Here is our prediction—there will be a hung jury in the Thaw case.

What excuse will the ice man have next season for exorbitant prices?

We pity the fellow who bangs about Washington in search of a job, and their name is legion.

Japan says there will be no war, but Hobson says there will be. Take your "choose" that of Hobson or that of the other fellow.

We verily believe that some Congressmen are worth $7,500 a year and are just as confident that others are not worth "30 bits" a year.

What business has Carrie Nation in the White House any how? The President would hardly be ready to receive her, just as he would be in case of Mr. Foraker.

A snowflake is a tiny bit of a thing, but when they get together man "takes off his hat" in presence of the mighty barrier and the most powerful of engines stand still.

Tillman has suffered severe defeat in his own state for the first time in many years. The dispensary law was a pet measure of his and it is wiped from the statute books of the state of South Carolina.

We were in Norfolk one day last week and couldn't get a room in one of the leading hotels. If this is true 3 months in advance of Exposition what will the conditions be when the gates open?

It would have been niggardly in Congress not to have advanced that million for the Jamestown Exposition and now that it has been doled out we hope that nothing remains to be done to secure good results but to use it wisely and well.

No new aspirants for Gubernatorial honors has been mentioned for the past month. The silence may be significant of this one thing we feel assured, if the Jamestown Exposition is a success "Harry" Tucker is going to be heard from, and it promises to be a signal success.

Dr. Foster will resume countess practices without a horse or a hom. The fees paid lawyers might have bought both and did ever man or sense enter upon a more senseless crusade? He was honored in the position by virtue of Virginia law and tried to retain it in defiance of Virginia law, but he has learned the strange but impressive lesson that what's "contempt" on the part of a practicing physician of the State is not "contempt" on the part of a practicing lawyer of the State. This must strike him as queer.

Senator Bailey says, "I only borrowed money," and if this was done in the usual course of trade and under ordinary business conditions, Mr. Senator, your friend would not have demanded an investigation, but there is an impression abroad in the land that you borrow it not to be returned as are in services rendered to parties from whom you borrowed, and such service as you could only render as a servant of the people to whom you owed first allegiance. No only Texas but all Dixie was proud of you and you ought not to have "done it."

Buckingham Dots

A slight earthquake, or a tremendous explosion was felt last Monday morning at Arvonia, Gremo, Rock Castle and other points westerly. Windows and dishes and small movable articles generally were shaken, but no serious damage has been reported from any point. The shock was felt in Richmond and other points in Virginia.

Town Sergeant Orange, of Buckville, has brought out a warrant for the arrest of L. W. Weils, a hunch dealer of Buckingham, who is charged with cashing $600 from the bank at Buckingham Courthouse. It was said Monday that Sergeant Orange had wired for the return of the papers.

Andersonville

February so far has been full of interest. The Y. M. C. A. campaign of Richmond just over; the Foster and Kennedy investigation lively reading, then the Thaw trial. Dr. Foster is out, I suppose Mr. Kennedy will be now how would it do to give Mr. Thaw five years on general principals. As there is a day of investigating I would like to have this "pesty ground hog" case come up. Is it state or nation-al? Let us get our Congressman the Hon. H. D. to get Uncle Joe, the speaker, the boss speaker, to permit a bill of investigation of his hog-ship before the House.

Virginia for the last year or so has had expense enough to satisfy all and give warning to those that hold public trust. There's one matter I have had curiosity to see unexposed, that is the sale of delinquent land for year 1886. Hundreds of tracts, thousands of acres were sold in this county, and the Auditor says there was no sale and there was no report of sale to his office. I suppose the land for delinquent tax was sold in every county of the State. If such are the facts, and it is easily seen if from the records, thousands of dollars are in the wrong pockets.

There is another piece of good news February has brought us, that our ex-governor Jack Montague had been appointed or would be to a lucrative position in New York. Hurrah for Jack! Wish it had been twenty instead of seven thousand. 'Aint our President a trump? There is but one bigger man in the U. S. The Mayor of Richmond, he's no small affair. My opinion is there is government timber in him. He is broad each way he is measured. Then the sermon of Dr. Johnson in Saint Paul's, first Sunday, on the Coming of Christ—good news to those who love his appearance.

Bethel Ladies' Aid Society will have a quilting at Andersonville the 19th. Dinner will be furnished by ladies of the society. The boys are all invited to thread the needle of their best girl, and they will be furnished dinner for 25c. They have sent out forty two squares. From present prospect more than $10.00 will be earned on the quilt. One young lady east of here has gotten $12.00 on her square. One married lady west has $5.00, and so it goes. One square has gone to Kentucky. I am sure Cousin Hattie will be heard from. She don't wait for the Tabernacle meetings to begin work like Fanny Cosby she sings "This is my story, this is my song."

Eddie McCraw left the 10th for Miss Emma and little Emily Elizabeth, now six days old—Getting on fine.

You made me say Miss Lucy McCraw was spending the winter at home. She is in Florida.

Wm. E. McCraw has been appointed postmaster at Andersonville vice Mrs. M. B. Anderson resigned.

A small congregation at Bethel yesterday heard a good sermon from the pastor, 1st John 1 9 on "forgiveness."

The ladies are going to paint the church on inside, put in carpet and possibly new seats. They want their Baptist and Presbyterian friends to be comfortable when they come to see them. I know a good old Baptist who has a Methodist wife that takes a good deal of interest in Bethel affairs. He is not so strenuous as Zeb Vance said about his mother. She didn't believe the e was any other way of getting to Heaven but going under the water.

Snow is on the ground now and has been for a week.

Oh, I forgot to tell you of that boy. What boy? Well, the boy at Andersonville, 14 lbs. 1 oz. not two months old. The mother says he was a mighty sick baby but like Roos velt and a score like Mormon. Great boy this.

Mrs. [illegible] under the care of Dr. Sutherlin several weeks, is able to be out again.

Miss [illegible] has had grippe. She is now under the address of Prof. Johnson's singing class.

Don't look on the sweet basket still catch this. Long live THE TIMES.

Death of a Worker from Buckingham

Mrs. N. F. Elliott died at her home place, "Afton," on Sunday night the 3rd of February. She was the last of a family of five sisters and two brothers. It would not be extravagant to say Mrs. Ellis was the best known and most popular lady Buckingham ever. Per acquaintance and popularity were by no means confined to her native county. We are up to endorse the best two much, if for no only those who knew were thought and said of this lovely christian lady while she lived. She has the happy faculty of seeing the good that was in her fellow creatures and saying little about their short comings. Genial, genial, gentle, she was a fit associate for the highest and best in any land, yet she was so sympathetic and kind that people of all classes loved her, admired her, and she was looked up to as the highest type of womanhood; and each one of her eight children are a living witness to the fact that she instilled into their minds as they grew up those principles which go to make up what should be in human character. She was the idol of her children, and her warm heart went out in ready sympathy, love and devotion to them. To the church she was ever a devoted member, ready to give of her time, talents and means.

As a neighbor she led such a life that those who follow shall rise up and call her blessed. As a member of the social circle, she impressed every one, from the chance stranger who was so fortunate as to make her acquaintance, to her life long friends, as being thoroughly sincere, with a grace of person and charm of manners so entirely her own she irresistibly won upon those with whom she came in contact.

In business (and she managed for her dependent family of growing children through the dark days of negro rule and of reconstruction) her name was the synonym of all that was just and honorable. As a hostess she was not surpassed by mortal being, with a cordiality of manners not to be assured. She met her guests on her threshold and thrice blest was he, or she, who was a visitor at "Afton" her hospitable home.

As a friend she was true and loyal, and as for enemies she had absolutely none; and departing she has left to her devoted family a heritage more to be valued than great riches—even a good name. She was my mother's friend, she was my friend, and I know and feel that the world is better for her having lived in it. A. FRIEND

WHY A FARMER SHOULD KEEP A BANK ACCOUNT.

Farmers as a rule do not keep books of accounts. Their accounts therefore, on the ledger of a bank will afford them a complete record of all their important transactions, involving the payment or receipt of money. A cancelled check, when returned by the bank, at the end of the month, constitutes the safest receipt one can have for showing the payment of money. Paying a laborer, a store account, or any other bills, with a check drawn on a bank, is safer than using money because the person receiving the check must endorse it and the check should be preserved as a receipt.

Money deposited in a bank is not so easily or so often "Pooled away" as when carried away in one pocket. Try the experiment the one year of keeping a bank account and see if it does not pay you.

A large number of the most profitable farmers, in this section, have accounts with us. We are very desirous of having the accounts of farmers on our books and we will be glad to furnish, at any time, whatever information we can in regard to the subject of banking.

The persons who open accounts with us we furnish check books free of cost.

All Run Down

THIS is a common expression we hear on every side. Unless there is some organic trouble, the condition can doubtless be remedied. Your doctor is the best adviser. Do not dose yourself with all kinds of advertised remedies—get his opinion. More than likely you need a concentrated fat food to enrich your blood and tone up the system.

Scott's Emulsion of Cod Liver Oil

is just such a food in its best form. It will build up the weakened and wasted body when all other foods fail to nourish. If you are run down or emaciated, give it a trial: it cannot hurt you. It is essentially the best possible nourishment for delicate children and pale, anaemic girls We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Mr. S. A. Scruggs has been quite sick, but is now convalescent.

Dr. R. A. North has been confined to his room for some days at the home of Mr. Scruggs. His numerous patients are becoming impatient to see him well and strong as usual, for a good M. D. is indispensable, when one gets sick.

The services at Mt. Comfort on the 1st Sabbath were refreshing. A large congregation was present, and Rev. Mr. Murphy preached a most excellent sermon.

We regret to hear of the indisposition of Mr. Sam Thornhill, formerly of this county but now a resident of Lynchburg. He has a large circle of friends here, who love and admire him, for he is a man full of integrity uprightness and a most consistent christian. He has our symp thy in his affliction, and we hope he will soon be well.

Mr. Wilbourne Wooldridge has moved to the farm of Misses Lula and Neal Jones, where he will work with Mr. T. L. Driskard.

We are glad to know that Mrs. W. N. Turner, nee Miss Nannie Wood, will occupy the teachers' chair again. She is considered a most excellent teacher, and her patrons are no doubt glad to have her again.

Mr. Editor, have you ever thought what a good time dea zens of the dull country, as it is called, can have? Warm fires, daily papers and a good weekly christian paper, for example The Advocate or The Herald. Then at night to sit around the cheerful fire, and read and read, and talk and talk; why it is refreshing to think of.

I will pr pound a question, did you ever try to write a letter for publication, and no news to put in that letter? Well, such is my experience to-day—hence I'll close with best wishes for The A. and B. TIMES.

A CARD.

That highly bred California Stallion Montague, is now permanently standing on my stock farm, where he may be seen and where all many of his fine colts, which took first prizes at Lynchburg Fair may be seen. Remember that Montezoma himself is a prize winner and his fine qualities, style and action, fully sustain his high breeding, and registered pedigree. Call at the farm and see him and get his pedigree.

I am now at my farm where I at all times pay the highest cash prices for all kinds of live stock. I hope to be of better service to the farmers of Appomattox and this section than ever before.

Very truly,
JOSEPH O'BRIEN,
Appomattox, Va.
